INTRODUCTION

IBA (Ismail Bin Ali) Interiors is a member of IBA Group which was established in 1939. In 1976 the Joinery factory was established to manufacture and install all types of custom made joinery, i.e. doors, wall panelling, wardrobes, kitchen cabinets, bespoke furniture and interior decorations. It is a matter of pride for **IBA** that the clients of the company are aware that IBA as in the past is still committed to manufacture high quality products, which is a result of its investment in modern technologies and constant upgrading of its Human Resources in their competence and expertise in administration and technical skills. Over a period of time, the factory has a proud reputation of having accomplished a number of projects from Towers, Office Buildings, Bank Headquarters, Large Showrooms, Residential compounds, Shopping Malls Schools and Mosques etc. effectively and has given our company immense experience and exposure in Joinery work that makes us professional and capable of handling any project in the field confidently.
